# ERRATA CARD

---

--	--

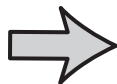

### **WEEE Directive and Battery Directive**

Failure to comply with the following battery removal and disposal instructions may result in battery shorting, battery leakage, and/or other damage. Ensure a qualified technician completes the following procedures.

### **Removal and Disposal of the Rechargeable Battery Pack**

Only a qualified technician should complete this procedure.

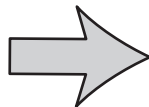

# Quality and Calibration Report

We are committed to providing quality product. This instrument has undergone rigorous testing throughout its manufacture. This is the final report by the people that take pride in the products they build.

This instrument was manufactured in Canada, and has been factory inspected, tested, and calibrated in accordance with the conditions and requirements of our registered Quality System, Operating Standards, and Sales Agreements. All calibration gases are traceable to a known national standard.

Refer to your product user manual to determine the recommended calibration frequency.
